 Bay Alarm Medical

In-Car System

Driving can be a freeing experience for you and your loved ones but it shouldn't be at the cost of safety. The Splitsecnd In-Car System is a vehicle plug-in that provides the GPS tracking, crash detection, and help at the push of the button.

Plug the In-Car device into the vehicle's charging port, download the app, and you're ready to go. No need to charge or turn it on. Just be sure to test the device once a month.

Speaker
12V Plug
Help Button
Impact Sensor
Cellular Module
Battery Backup
Internal GPS
USB Port
Mic

Features
